

## Renate Lade

The woman from Sykkylven, Renate Lade, didn't take her audience by storm or with a huge production at the meeting on January 10th. What she did do, was touch the hearts of the members of the Rotary Club with a low-key and genuinely compassionate competence, communicated in an outstanding way. She paired her voice with beautiful, live music from her by now, quite well known CD "Your Story", which lasted an impressive 24 weeks on Norway's Top 10 list. "You have more time, and it's truly a pleasure listening to you sing", was the feedback she got from the President when the time approached 7 pm.
